**COMPANY PROFILE:**

Cowara Contractors is the one-stop-shop for everything earthmoving with over 30 years specialized experience in civil construction, earthmoving and heavy haulage.

The Company specialises in roadbuilding, civil infrastructure and dam wall construction and provides clients with a total development, design and construct service.

Utilizing our local knowledge and specialist surveyors and consultants that helps cut through the planning process for all types of civil and water resource development requirements to enable projects to be completed on time and within budget.

A dedicated Civil works crew undertakes many Special Rural and Residential subdivisional infrastructure works in the Busselton, Dunsborough, Yallingup, Cowaramup and Margaret River areas of the South West.

The Company is also a preferred supplier of products and services to MRDWA, Fulton Hogan, Water Corporation, DBCA, FESA, Shire of Augusta Margaret River and WBHO. Cowara Contractors heavy haulage division facilitates heavy machine transport and the supply and delivery of all types of construction materials including blue metal, sand, gravel, landscape supplies and high quality agricultural lime.
